- Create educational flyers and posters identifying comprehensive women's health clinics and warning students about fake clinics in your area.
- Talk to your Campus Health Center about their referral policy for students facing unintended pregnancies. If they refer students to a fake clinic, get them to stop!
- Circulate petitions to stop all federal funding for fake clinics and end their deceptive advertising practices.
- Host a screening of FMF's two YouTube features, "Crisis of Deception: Fake Clinics Spread Misinformation on the Federal Dime" and, "Crisis Pregnancy Centers: Nothing but False Promises and Misinformation," available at www.feministcampus.org.
- Stage a protest outside of your nearest fake women's health clinic, warning women about the deceptive practices of crisis pregnancy centers.
