

Save Women's Lives

Restore Funding For UNFPA and Lift the Global Gag Rule!

To: Members of Congress

I urge you to release the authorized funds for the United Nations Population Fund (UNFPA) and lift the Global Gag Rule to help women and their families with critical services such as family planning and protection from HIV/AIDS. UNFPA is the world's largest international source of funding for population and reproductive health programs working in over 150 countries. The UNFPA helps women and their families avoid unwanted pregnancies, undergo safe motherhood care, and protect themselves from sexually transmitted diseases such as HIV/AIDS. The Gag Rule impacts poor women and girls who are most in need of access to comprehensive reproductive health care services. Clinics providing comprehensive reproductive health care and family planning services have been forced to shut down as a result of the Global Gag Rule. Family Planning Saves Lives Worldwide!
